

INFINITE V0.4.7

A DAW for *you*

Visuals, music and code on one canvas.
Free.

THE IDEA

**Patch anything into
anything, and play it
live.**

THE NODE

Every node is a slab: title, body, pins.
Knobs turn on the brand springs.

Infinite

INSIDE

Built in layers

Ground, surface, controls, light. Nothing floats without a reason.

Free, open source, on every desktop.
